INTRODUCTION

Sometimes, we are so content in our relationship that we don't stop to think about why. It's not *particularly* because of the coffee you shared yesterday, that inside joke you laughed at together, or the kiss you got this morning, but at the same time—it is. There is something so poignantly sentimental about the moments that mean both nothing and everything. And something even more sentimental about these moments being shared between a pair of best friends.

We hope that reading this book brings a smile to your face and maybe even a quick "look" in the direction of your significant other. You know the look I'm talking about.

Remember this book was inspired by you, written for you, and exists because of people like you. We hope you see yourself in it.

So get yourself a coffee, or a glass of wine, or a nice blanket. Get snug. And enjoy this book!

snug.

Catana Chetwynd is a self-taught traditional artist and the enthusiastic author of *Catana Comics*. She grew up in Saratoga Springs, New York, where she spent her time creating art and pursuing an education in psychology until accidentally stumbling into the world of comics. Not only is her boyfriend, John, the daily inspiration for her drawings, but he was also the one who suggested a comic series about their relationship in the first place. Thanks to his idea and his inspiring daily antics, Catana was able to pursue her childhood dream of being a cartoonist. She currently lives on the East Coast with John and their tiny, angry dog, Murph.
